In Gratuities,	40 00
	<hr/>
	\$400 00

RULES AND REGULATIONS OF THE COMMITTEE ON GARDENS.

- 1st. All applications for a visit must be made to the Chairman of the Committee, either personally or in writing, on or before the first of August.
- 2d. No Fruit Garden or Grounds of less than one acre (and this well stocked and under fine cultivation) can occupy the time of the Committee.
- 3d. It shall be the duty of the Committee to select from the applications those which may seem most deserving of notice, and to visit as many places, and as often as they may deem it expedient.
- 4th. In making all examinations, the utmost regard must be paid to economy and general thrift; in cases, however, of pleasure, landscape or ornamental grounds, more allowance must be made for taste and design, and a gratuity, or complimentary notice may be made at the discretion of the Committee.
- 5th. No person shall be a competitor for the highest prize for more than two years out of five.
- 6th. The Committee may, at their discretion, give gratuities, or substitute gratuities for prizes, which may, in either case, best promote the objects of the Society, and meet special cases; always, of course, within the limits of the appropriation.
- 7th. Competitors for the prizes shall furnish to the Committee, if required, a written statement of their mode of cultivation, quality and kind of manure applied, amount of labor, and any other particulars, under the penalty of a forfeiture of such prize, if withheld.
- 8th. The expenses of the Committee shall be paid by the Society, and a record shall be kept by the Chairman of all places visited.

Prizes for Plants, Flowers, Bouquets and Baskets.

AMOUNT APPROPRIATED, TWO THOUSAND DOLIARS.

The attention of contributors is called to the following

SPECIAL NOTICE.

1st. All named varieties of Plants or Flowers exhibited for premium must have the name *legibly* and correctly written on stiff card, wood, or some other permanent substance, and each separate plant or flower must have its name attached.

2d. Detailed reports of exhibitions cannot be expected, unless a written list is handed to the Chairman of the Committee.

3d. Where there are only two classes of prizes for the same flower or plant, no person can exhibit in both. Where there are more than two classes, each class is open to all; but the flowers or plants shown in the different classes must be of distinct varieties.

4th. Where a certain number of pots or flowers is designated in the schedule, there must be neither more nor less than that number of specimens shown; and in no case can any other varieties than those named in the Schedule be in the stand.

5th. The Committee do not feel themselves obliged to award the prizes merely because plants and flowers are exhibited in competition; and unless they possess decided marks of superiority both prizes and gratuities will be withheld.

6th. All exhibitors not strictly complying with the above rules will be excluded from competition for premium. Attention is also called to the Rules, Regulations, and to the By-Laws of the Society.

7th. The season is understood to extend from the opening of the Hall in June to the Annual Exhibition in September, during which there will be an exhibition every Saturday, and prizes will be awarded as enumerated in the Schedule.

Preceding the opening exhibition the following prizes are offered :

PRIZES FOR FRUITS DURING THE SEASON.

AMOUNT APPROPRIATED, SIXTEEN HUNDRED AND FIFTY DOLLARS.

Rules of the Fruit Committee, relating to the Award of Premiums.

All Fruits offered for Premiums must be correctly named.

All Fruits offered for Premiums must be composed of exactly the number of specimens or quantity named in the schedule.

The whole quantity required of any one variety of fruit must be shown in a single dish or basket.

No persons can compete for more than one prize with the same variety or varieties of fruit; except for single dishes.

Grapes grown on girdled vines cannot compete for a Premium.

No fruit can compete for both Premium and Gratuity.

Non-compliance with the rules will cause the rejection of the articles offered for premium.

Prizes will not be awarded when the articles are judged unworthy.

☞ Competitors for prizes are particularly referred to the Rules and Regulations, which will be strictly adhered to by the Committee.

RULES AND REGULATIONS.

1. All Fruits, Flowers and Vegetables, offered for Prizes, must have their names annexed, and must have been grown by the competitors.

2. Articles exhibited for Prizes must be placed in the stands by 11 o'clock, A. M. The exhibition will be open to the public from 12, M., to 3, P. M.

3. Contributors of Fruits for exhibition or prizes, are requested to present the same in dishes or baskets of the Society, or in suitable baskets of their own.

4. All contributors exhibiting Plants, Flowers, Fruits or Vegetables, *who desire a report of the same*, must hand a list to the Chairman of the respective Committees.

5. After the articles are arranged, they will be under the exclusive charge of the Committees, and *not even the owners* will have liberty to *remove or touch* them, until the exhibition is closed, when they will be delivered as the contributors may direct.

6. No Flowers, Fruits or Vegetables, will be entitled to a Prize unless they possess points of superiority; and the Committees have the discretionary power of withholding Prizes, if, in their opinion, the articles exhibited do not merit them.

7. Plants in Plots, to be entitled to Prizes, must evince skilful culture in the profusion of bloom, and the beauty, symmetry, and vigor of the specimens.

8. Competitors will be required to furnish information as to their mode of cultivation, and to present specimens for trial and examination if requested.

9. No article for which a Prize has been once awarded, can receive another during the season.

10. The Committees are authorized to award gratuities for any new or rare Fruits, Flowers, Vegetables, Plants, or Designs of Merit for which no prize has been awarded. When Prizes or Gratuities of the value of \$3 are awarded, they may be given in horticultural publications, at the discretion of the various Committees.

11. The Fruit Committee, in making their awards, will consider the flavor, beauty, and size of the specimens; comparing each of these properties with a fair standard of the variety.

12. In deciding on the merits of a Fruit or Vegetable, its value for general cultivation will be taken into account; but *superior* specimens of any good variety will not be excluded from Prizes, even though they may not flourish in all situations.

13. When specimens are presented for a *name* the exhibitor shall communicate all the information he possesses, as to the *origin* and the *local appellation*.

14. It will be the duty of the Committee to *exclude from exhibition all inferior specimens*. Also, all such *Designs* as, in their opinion, evince an incorrect taste.

15. The Committees have power to change the time of exhibition for any article, if an earlier or later season renders such change necessary, by giving seasonable notice thereof to the Society.

16. All Prizes not applied for within one year from the time of the award shall revert to the Society for its own use and benefit.

17. No member of any of the Committees for awarding Premiums or Gratuities shall, in any case, vote or decide respecting an award for which such member may be a competitor, or therein have an interest; but in such case such member shall temporarily vacate his place upon the Committee, such vacancy for the time being to be supplied by the remaining members of the Committee.

18. In order to afford the Committees an opportunity to examine and report on the articles exhibited, no other person can be admitted to, or remain in the Hall, between the hours of eleven and twelve o'clock on the days of exhibition.

19. The Society's Premiums are open for members only, but Gratuities may be awarded to any exhibitor.

20. Premiums can be awarded only to exhibitors who have complied with the published Rules and Regulations.

 The foregoing Schedule of Prizes, having received the approval of the Executive Committee, and the Regulations having been confirmed by a vote of the Society, is now published as the List of Prizes for the current year.

W. C. STRONG, *President*.

EDWARD S. RAND, JR., *Recording Secretary*.
